American Brain Tumor Association (ABTA) Data Management and Sharing Plan Template INSTRUCTIONS:

A Data Management and Sharing Plan is encouraged for all applications. The data sharing plan is considered optional except for applicants who include data sharing costs in the grant budget, in which case the data sharing plan is required. However, in either case it will not be scored by reviewers. Please complete the information below and upload as a PDF into the proposal attachments section of the ABTA grant portal.

Applicant/Principal Investigator:

Project Title:	
1.	Briefly describe the data to be shared. Include species, sample type(s) (tumor tissue, normal tissue, blood, CSF, etc.), number of samples, the type of data that will be shared (whole genome sequencing, RNA sequencing, MR images, etc.), and any metadata that will be shared.
2.	Where will the data be deposited? (Please refer to the <u>ABTA's list of approved repositories</u>)
3.	Approximate date of when the data will be deposited:

4.	Will there be any restrictions on access to the data or embargo periods? If so, please describe.
5.	Who will be responsible for managing the data prior to and after the data has been
0.	deposited?
